Sanchit Handa

Full Stack Web Developer

Professional Summary

Passionate team player and programmer, driven to learn and master new technologies and propose innovative ideas for back-end and front-end applications. Understands website functionality and coding for multiple platforms and meticulously creates fully functional code.

Projects

Flipkart Clone [Live Demo Link](#) [Github Repo Link](#)

HTML | CSS | JavaScript | Local Storage | JSON-Server

- Implemented a user signup feature, streamlining the onboarding process and allowing new users to easily create accounts.
- Developed a secure and efficient user login system that reduced login errors and provided seamless access for authenticated users.
- Enhanced user convenience by adding a Recent Search feature to the search bar, leading to an increase in repeat searches and improved overall user engagement.

Skin Store [Live Demo Link](#) [Github Repo Link](#)

HTML | CSS | JavaScript | Local Storage

- Implemented a dynamic product showcase section, enhancing the user experience by allowing them to browse through diverse skincare products easily.
- Developed and integrated a seamless shopping cart and checkout process.
- Designed and implemented a user authentication system with secure login credentials, ensuring customer data privacy.
- Ensured the website's responsiveness across various devices and screen sizes, enhancing accessibility for mobile users.

Experience

Amazon | Customer Service Associate

Aug/23-Present

- Assist: Provide exceptional customer support to UK customers, addressing inquiries, resolving issues, and ensuring a positive shopping experience.
- Manage: Handle retail processes efficiently, including order tracking, returns, and exchanges, ensuring timely and accurate resolution.
- Communicate: Engage in voice processes to effectively convey information, answer questions, and assist customers in making informed purchase decisions.
- Collaborate: Work closely with team members to streamline customer service operations, share insights, and contribute to process improvements for enhanced customer satisfaction.
